MASERGY

There are 270M monthly active Microsoft Teams users but adding publicly switched telephone network (PSTN) calling features to it is expensive and complex for all businesses. Your customers need a simple and affordable solution to integrate voice calls in Microsoft Teams.

Masergy Calling for Microsoft Teams enables hybrid workforces

Masergy Calling for Microsoft Teams seamlessly integrates our cost-competitive global voice calling plans into Microsoft Teams. Masergy combined our cloud UC infrastructure with world-class PSTN technology to enable you to offer business voice in Microsoft Teams at an affordable price point for your customers.

Masergy delivers multiple options for mid-to-large enterprises to integrate encrypted business voice calling into the Microsoft Teams experience. This solution is made for hybrid workforces with softphones, office workers with desk phones, and everyone in between.

Best of all, Masergy delivers the must-have businesses calling features in a growing list of 29 countries, opening global sales opportunities for partners.

Masergy is offering a special limited-time promotion for Calling solutions

Add the Masergy Calling for Microsoft Teams solution to any new or existing Masergy UC customer from now until September 2, 2022, and the customer gets 1 month of free Calling for Microsoft Teams service for every 1 year of their service contract. The longer the service contract, the more free months of Masergy Calling for Microsoft Teams service a customer will receive. Sign a 2-year contract and get 2 months free or sign a 3-year contract to receive the maximum of 3 free months of Masergy Calling for Microsoft Teams service.
